Scott Rasmussen National Survey of 1,000 Registered Voters Conducted May 24-25, 2023

4 Now that an end has officially been declared to the pandemic, has your life returned to the way it was before, is it on its way, or will it never return to the way it was before?*

- 36% Returned to the way it was before
- 30% It is on its way back to normal
- 29% It will never return to the way it was before
- 5% Not sure

5 In which of the following ways is your life different than it was before the pandemic?*

- 48% I spend less time in public places
- 37% I sometimes wear a mask in public
- 33% I continue to use delivery and curbside pickup more than I did before
- 23% I work from home more than I did before
- 6% I attend religious services online instead of in person
- 6% My children now do school from home, but used to attend in person

6 A proposal has been made that Congress appoint a bi-partisan, scientifically minded COVID-19 Commission to investigate lockdowns, school closures, vaccines, and mask mandates. The goal would be to determine what worked and what did not, so that the country would be better prepared for a similar situation in the future. Would you favor or oppose the creation of this commission?*

- 33% Strongly favor
- 33% Somewhat favor
- 13% Somewhat oppose
- 9% Strongly oppose
- 11% Not sure

7* Looking back, did the federal government overreact to the coronavirus pandemic in ways that did more harm than good?

44% Yes
44% No
12% Not sure

Total			
	Yes	No	Not sure
May 24-25, 2023	44%	44%	12%
February 23-24, 2023	43%	46%	11%
January 24-26, 2023	42%	43%	15%

Source: RMG Research, Inc.

8* Suppose you had a choice between two candidates. One said that lockdowns and mask mandates were an important tool in stopping COVID and should be reinstated if new cases emerge. The other said that lockdowns and mask mandates did more harm than good and should be avoided in the future. For whom would you vote?

49% The one who said lockdowns and mask mandates should be reinstated if new cases emerge
39% The one who said that lockdowns and mask mandates should be avoided in the future
12% Not sure

Scott Rasmussen National Survey of 1,000 Registered Voters Conducted May 24-25, 2023

Methodology

This Counterpolling™ survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on May 24-25, 2023. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.

This survey was paid for by RMG Research, Inc. as part of the service provided for our Gold Circle Members.
