# RMG RESEARCH, Inc. GOLD CIRCLE MEMBERS 

Scott Rasmussen National Survey of 1,000 Registered Voters<br>Conducted June 21-22, 2023

2* President Biden and House Speaker McCarthy recently agreed to a plan that would slow the growth of federal spending over the next two years. Republicans in the House of Representatives are likely to approve a budget that will cut the growth of federal spending even more. Would you favor or oppose further cuts in the growth of federal government spending?

| $30 \%$ | Strongly favor |
| ---: | :--- |
| $32 \%$ | Somewhat favor |
| $18 \%$ | Somewhat oppose |
| $11 \%$ | Strongly oppose |
| $9 \%$ | Not sure |

3* Senate Democrats are likely to propose more federal government spending. Would you prefer the Senate Democrats' plan to increase the growth of government spending or the House Republicans' plan to make further cuts in the growth of government spending?

26\% The Senate Democrats' plan to increase the growth of government spending
55\% The House Republicans' plan to make further cuts in the growth of government spending
20\% Not sure

4* If Senate Democrats and House Republicans are unable to agree on spending levels by September 30, Congress could either pass a Continuing Resolution to keep government spending at the same level until an agreement is reached or there would be a partial government shutdown until an agreement is reached. Which approach would you prefer?

50\% Continue government spending at same levels until agreement is reached
36\% Partial government shutdown until agreement is reached
14\% Not sure

Conducted June 21-22, 2023

5* If Senate Democrats and House Republicans are unable to agree on spending levels by January 1, overall government spending would be reduced by one percent (1\%) until they can reach an agreement. How serious a problem would it be if government spending had to be reduced by $1 \%$ for a few months until Senate Democrats and House Republicans can reach an agreement?

| $18 \%$ | Very serious |
| :--- | :--- |
| $32 \%$ | Somewhat serious |
| $22 \%$ | Not very serious |
| $14 \%$ | Not at all serious |
| $13 \%$ | Not sure |

6* Which of the following would be best for the U.S. economy?

16\% Increasing government spending
$31 \% \quad$ Cutting the growth of government spending by $1 \%$
$37 \% \quad$ Cutting the growth of spending by more than $1 \%$
16\% Not sure

## Methodology

This Counterpolling ${ }^{\text {TM }}$ survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on June 21-22, 2023. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is $+/-3.1$ percentage points.
This survey was paid for by RMG Research, Inc. as part of the service provided for our Gold Circle Members.
